

Adding More Users to Power Accounting

These instructions are provided to assist you with increasing the number of users for your existing Samco Power Accounting system.

1. Except for the user adding more users, have all other users exit out of Samco Power Accounting.
2. From the Samco Power Accounting main menu (any company ID, doesn't matter), change into **System Functions** and select **Update licensed users**.
3. Press **[F2]** and enter in the serial number and activation key from the box below. You will be returned to the main menu.
4. Exit out of Samco Power Accounting.
5. All users can now go back in and continue processing.
6. To check your current user count, press **[F4]** from the main menu and check the number beside # *Licensed users*.
